ICYG is currently on a mission to add value to its community through golf, especially for our youth! Construction has indeed begun on the historic “African American Golfers Museum and Inner City Youth Golfers Clubhouse”, located at 125 West 13th Street, Riviera Beach, FL which will provide a continuous home for “growing the game of golf!” It will also serve as an international historic destination to celebrate the contributions of African American golfers & caddies; significant humanitarians and honor their history and achievements in the game of golf. We welcome your support of our historic brick campaign and learn more about this historic building – email icyginc@gmail.com or log on to: www.icyg.org.

Inner City Youth Golfers, Inc., is a 501, c, 3 tax-exempt organization that was started with the vision to grow the game of golf. ICYG serves youth between 7 and 18 years of age, promoting academic excellence and character development through the sport of golf. Uniquely, ICYG is a youth/parent-guardian program. Adults learn at the same time as the youth. It is based in Riviera Beach, FL (USA) where the first program was started in 2000 at JFK Middle School. By utilizing the excitement, etiquette, rules, behavior, dress, manners, and speech of golf, ICYG helps children focus on the positive, develop good citizenship and become future role models.
